P. H. Shuttlesworth threshed 675 bushels of wheat off of his farm this year, and 240 bushels of buckwheat with a second crop yet to come. Including small grain of all kinds, he has raised over 1,200 bushels. This what Mr. Shuttlesworth has accomplished by work and proper handling of his land. Others can do likewise, but it will take a little effort.

G. W. Gentry Sr. traded his farm on Renfros creek to Rev. B. Mullins, for the Mt. Vernon hotel, property now occupied by Mrs. Sue Butler.

Mr. S. C. Franklin, who has just returned from a visit to Bertha, tells of a movement on foot, headed by Dr. M. Pennington, to establish a tuberculosis sanitarium somewhere in the mountains of Kentucky, the location to be determined by the general conditions of the points to be considered. There are five or six counties interested, including Bell and Whitley and the present indications are, that the plans will be perfected.

Dr. William A. Jones a Rockcastle boy, now located at Union City Ky., was married yesterday to Miss Bessie Lee Dunbar at the home of the bride, at Union City. Miss Dunbar is a very pretty and accomplished young lady and a member of one of the oldest and best families of Madison county. Dr. Jones graduated from Louisville Medical College last year and has been practicing his profession at Union City since that time. The ceremony was performed by Rev. Brandenburg, of Berea. Mr. Will H. Fish, of this place, a cousin of Dr. Jones, was best man and Miss Buch, of Richmond was brides maid.

The SIGNAL and a host of Rockcastle county friends wish this young couple much joy and happiness.

The Rockcastle County Teachers Institute convened Monday with Prof. Densmore, of Berea, as Instructor. All the teachers are in attendance and when turned loose in a bunch there is a crowd of them. It is always a pleasure for us to compliment those who deserve complimenting, and in saying that Rockcastle can boast of the nicest looking crowd and some of the best teachers of any county in the State we bestow a deserved compliment. The wonderful improvement of today and a few years ago is very perceptible and is very gratifying. We also want to compliment them for the interest manifested in the institute work, and for the excellent manner in which each and every one acquitted himself or herself in the discussion of topics assigned.

On last Sunday the following party visited the famous Salt Peter cave: Mr. and Mrs. R. B. Mullins and son, Benjamin, Mr. and Mrs. Walter Mullins, of this place, Mr. and Mrs. Jerome Adams, Mr. and Mrs. C. P. Reynolds, and Miss Myrtle Chearning, of Livingston, and Mr. Curry of London. After going through the cave with uncles Mod and "Biggie" Mullins as the guides—and good and jolly ones they were all went to the home of the late John C. Mullins, where a bountiful dinner had been prepared by his good wife and daughter, Miss Ida. To see that table before and after dinner, it was plain to all that town people don't have that kind of dinner every day. Many thanks are due Mr. Tom Mullins for his kindness in carrying the boy thru the cave. Every one enjoyed the trip and especially those who had never made it before, and tho tired and dusty when we reached home were glad we had been there. E.

The Democratic convention which met here last Saturday nominated only two candidates for county officers, Mr. T. J. Hayes for Judge and W. A. Coffey for Jailor. A large number of democrats were present and the convention was harmonious so to speak, although a goodly number did not approve of a nomination for a candidate for Judge, some wanting no candidate at all. Some wanting to wait for further developments before nominating a candidate while the others, who were in the majority, thought now the proper time to make the selections which was done. A resolution was adopted empowering the County Committee to have the names of such candidates for other offices placed on the ballot, as in their judgment was deemed wise and expedient. Up to the time of going to press neither of the gentlemen named had made any announcement of what their intentions are, whether they will accept or not. Chairman G. C. Fish informed us that he had talked with Mr. Hayes, who was not present last Saturday when nominated, and he gave him no assurance what his action would be. Messrs Hayes and Coffey are both well known to the voters of the county and as such need no word of commendation from us.

The Rockcastle Baptist Association, which has been in session at Brodhead, from Tuesday until yesterday, we are told was a most successful meeting.

The following clipped from Bluefield, West Virginia Telegraph speaks of a native of Rockcastle county who about the year 1887 was working in furniture factory in Mt. Vernon at fifty cents a day: "A message from Los Angeles, Cal., yesterday confirmed the sale of the R. G. Walters Ranch, containing 727 acres, to William Hicks and others, of this city. This is the second large ranch which Mr. Hicks has purchased in San Jacinto, Riverside county, California. On the famous Estudillo ranch which he disposed of last winter at \$10 per acre, the owners have realized on the first crop more than they paid per acre."

Mt. Vernon business men, have you read P. H. Shuttlesworth's letter and how much do you want a pike? It is up to Mt. Vernon to take the lead and the farmers are looking to us for the necessary assistance. Business men do you want to help your town, increase your business and benefit the county? If so join in the effort to build this piece of sample road; the citizens along the proposed route subscribe one half of the required amount to construct the road, the Fiscal Court must supply the remaining half. The farmers are contributing liberally and if this movement proves a failure, Mt. Vernon will be responsible. The necessary amount to raise by subscription is \$4,500. There has already been subscribed \$1,700 by farmers living along the route and we have assurance that this amount can be increased to \$2,500 outside the town, leaving \$2,000 the amount Mt. Vernon must raise to reach the coveted end. If Mt. Vernon does its part we will have six miles of model pike, and if not the movement will prove a failure. If our business men will contribute, according to their means and in proportion to the benefits they will receive, it will be an easy matter to raise the required amount. Will we accept or reject?

During past twelve months telephone calls in this county numbered 292,000.

In the list of 69 school trustees of Rockcastle county there appears the name of one each of the families of Brown, Smith and Jones, one Owens two Mullins. Two Sailors with a Cabie, in search of game would find one Duck, two Fish and a Mink and should they be Rash and take to the Pike, cross the Brooks with a Poynter and a Bowman, with arrows, under the leadership of a Sexton, after singing two Samms and feeling able to Cope with all comers they could make a grand charge upon the Hay(s) stacks near the Barnes Two doctors on this list could look after four Paynes should any hunters get injured. But one Price for services would be charged to all alike. One could write not only a Baker(s) dozen sheets on this subject but could write Reams and then some. Its Nice(ly) two Ponder(s) over this matter.
